## 'Origen' Godello

D.O. Bierzo  
Cacabelos, Castilla y León, Spain

*"Youthful, fresh and elegant, Origen is Godello in its most direct form. As an aperitif or on the table with seafood, this wine stands out. The nose is lightly aromatic with a tart, citrus fruit profile that leans toward neutrality. Herbal and almond notes fill out the mid palate before the mineral and acid drive home the finish."*

## 'Origen' Mencía

D.O. Bierzo  
Cacabelos, Castilla y León, Spain

*"The intense, nearly opaque color is unmistakably Mencía and speaks to the exotic nose and deep mix of sweet and savory notes of toffee and licorice. The concentration of flavor is balanced by high-acid, floral and earth elements."*

## 'Sobre Lías' Godello

D.O. Bierzo  
Cacabelos, Castilla y León, Spain

*"This steel-aged Godello displays white Burgundy-like structure and neutrality and a subtle bouquet of pear, beeswax, chalk, and dried flowers. The palate is deep and full-bodied; the richness of flavor on the mid palate built from the lees aging is distinct and where this wine sets itself apart from younger examples."*

## 'Sobre Lías' Mencía

D.O. Bierzo  
Cacabelos, Castilla y León, Spain

*"Mencía is comfortably suited for both stainless steel and barrel aging. The time this wine spends in oak adds great depth of fruit and silkiness to the palate. Classic aromas of violets and dark berries are accompanied by baking spices and smoke. The palate is vibrant and inviting as a young wine, but structured to evolve with age."*

## 'Atlantic' Mencía

D.O. Bierzo  
Cacabelos, Castilla y León, Spain

*"The signature aromas of violets and dark berries are concentrated by the exceptional phenolic ripeness achieved by the low-yielding old vines. Oak-aging additionally deepens the energetic fruit and streamlines tannins on the palate. The palate is vibrant and complex with earth and spice, managing to achieve both warmth and sophistication."*
