VINEYARD

Sustainably farmed and hand-harvested from 70-year-old estate-grown vines.

PROCESS

Grape quality is assured through the hand-harvesting of select clusters and sorting. Artfully fermented in stainless steel with native yeasts; the necessity for cool temperatures make naturally fermenting white wine quite complex. Aged on lees for 8 months.

TASTING

Pale yellow color with apple-green highlights. Offers delicate aromas of stone fruits on a floral background. The palate is balanced, fresh and densely aromatic through the long finish.

WINERY

The winery of Terra Minei was founded in 1956 in the Prado de Miño village; working with a few select growers in the Casal da Cal area, Terra Minei has operated as an estate winery largely dedicated to the monovarietal production of Treixadura. The region's mild weather, sandy loam and granite soils, and close proximity to the Mino River solidified Ribeiro as a reliable winemaking hub. Traditions of production dating back to the Middle Ages have laid the groundwork for recognizing Ribeiro's approachability and fruity, pleasantly-acidic character.
